CSCOG ISLAND.

The return of the Blakely is the most alive topic in Victoria today. The Direct-ors expect to have good news for the public shortly. In the meantime permit me to call your attention to an investment which is of more vital importance to many people than the return of the Blakely. "NEWELL'S PATENT CURE" has been thoroughly tested in Victoria. One of the most prominent physicians made the following statement to a man who has been cured: "It has done for you what the medical profession could not do." The man in question had cancer of the stomach, which had extended to his liver, an operation for which meant sudden death. The remedy is not new, but has been handed down in writer's family for generations, used by many cases with marvelous results, and is now to be patented and placed on the market. To raise the necessary money to thoroughly advertise it the world over, I will sell a part interest. This is worth investing. Warner, of "Warner's Safe Cure," borrowed the money to advertise his remedy. In a few years he was worth over \$500,000. The "Wonderful Cancer Cure and Blood Purifier" is a better thing than Warner's Safe Cure. If you have a friend troubled with this dread malady ask them to try it. H. H. JONES, 29 Birlstone Walk.

RAILWAYS FOR LOGGING WORK

More Extensions in the Capilano Proposed-Bisley Mee Gone.

From Our Own Correspondent.
Vancouver, June 6.—Logging operations on a large scale seem to be the order of the hour. Besides a six-mile railway to the valley behind Gibson's Landing, a railway is to be built by Robert McNair up the romantic Capilano valley. Mr. McNair has purchased the railway and rolling stock of McLean Bros., used in the Chilliwack dyke-ing operations, and will build railways up both valleys. On the Capilano, Mr. McNair has large areas of magnificent timber. The Capilano Park company, whose big timber belt extends on both sides of the valley six miles further up, are also to build and operate an additional six miles of railway in connection with Mr. McNair's road, while J. J. Nixon and associates, who own the timber for several miles adjoining the Capilano Park station, are to carry on big fluming operations. So that for a distance of 12 miles along the Capilano and for a long distance on both sides of the valley, there will soon be a hive of industry.

The fire British Columbia members for Bisley left for Montreal and Esquimalt by the C. P. R. express yesterday. They are Sergt. Moscrop, Corp. Mortimer, Pte. Prie, of the Sixth, and Sergt. Major Richardson, and Sergt. Major McDougall, of the Fifth. The Vancouver men carry with them several hundred pamphlets descriptive of Vancouver supplied them by the city council for distribution at Bisley. This action was taken owing to numerous inquiries made about British Columbia at Bisley in former years.

Victoria Hits Rock

Collier Arrived In Esquimalt Last Night With a Hole In Her Hull.

She Strikes Hard on Uncharted Obstruction In Trincomali Channel.

Her False Bottom Saves Her and She Safely Makes Port.

The steamer collier Victoria, with a full cargo of coal from Ladysmith for Dutch Harbor, while on her way to Victoria yesterday to pick up a pilot and additional men for her crew, struck an uncharted rock in Trincomali channel, and was badly damaged. Had it not been for her false bottom she must have foundered. As it was, Capt. Casey, her master, thought it necessary to beach her, but finding that no water was reaching the cargo holds, he again floated her and started for Esquimalt to have her docked. The news of the accident was brought by the City of Nanaimo, which arrived about 10 o'clock last night. Mrs. Casey and others who were coming down on the collier were transferred to the Nanaimo. The Victoria left Ladysmith at 1 o'clock yesterday afternoon and reached Trincomali channel at 2:30. While steaming through the channel, which is the regular course for vessels from Ladysmith to the East coast of the Island, she struck a rock which her master and Pilot Butler, who was in charge, say is not on the chart. She struck hard, and the water came pouring through the hull, and it took very little time to back the vessel off, in fact she did not eling to the rocks at all. The steamer was beached and a casual examination showing that she was not taking any water into her cargo compartments, she was again floated, and started for Esquimalt, her head considerably down by the bow, with the water that she had taken into her false bottom. The City of Nanaimo passed just as the collier was lying off Esquimalt, where she was waiting for return of her boat, and Capt. Gardiner asked whether he could be of any assistance. Capt. Casey replied that the steamer was all right, and that he could make Esquimalt in safety.

She arrived and is now at anchor off the dry dock.

The Victoria is a vessel of 1,507 tons register, and had a cargo of over 4,000 tons of coal. She has been operated in the coal carrying trade on the Coast for a number of years, and is owned by Swayne & Hoyt, of San Francisco. Last winter the Victoria broke her shaft off Cape Blanco, and was picked up by the collier San Mateo, and towed to Esquimalt, where she was repaired. The salvage was settled by the Victoria owners paying \$10,000.

It is likely that her coal cargo will be discharged and the vessel docked at Esquimalt.

Marine Notes.

British Ship Kinross, which is carrying coal from Ladysmith to Hawaiian ports, in company with the Antiope, left Kihel for the coal port on May 17, and is about due.

British ship, Rence arrived at Sydney on Monday from Hastings mills, with a cargo of 1,251,030 feet of lumber.

Gone to the Coronation

Governor General and Five Premiers Are Passengers on the Parisian.

Liberal Elected in Lennox By Returning Officer's Casting Vote.

Ottawa, June 6.—The Governor-General left for Quebec this evening en route for England to attend the coronation. The Foot Guards furnished a guard of honor.

Montreal, June 6.—The Allan line steamship Parisian, which sails in the morning, has a long list of passengers and notables on board. Probably so many noted Canadians never crossed the Atlantic together.

Besides the coronation contingent, the list includes the Governor-General, Premier Murray, of Nova Scotia; Premier Peters, Prince Edward Island; Premier Tweedie, New Brunswick; Sir Robert Bond, premier of Newfoundland; Judge McDonald, Charlottetown; Principal Peterson, of McGill, and Dr. Parkin, of Upper Canada college, Toronto.

Niagara Falls, June 6.—The Grand Orange Lodge of British North America elected the following officers today: Grand master, R. T. S. Spaulding, Markdale, Ont.; deputy grand master, Wm. Galbraith, Montreal; grand chaplain, Rev Wm. Walsh, Brampton, Ont.; grand treasurer, W. Parkhill, Midland, Ont.; grand director of ceremonies, W. H. Cole, St. Catharines, Ont.; grand lecturer, J. F. Harper, Hamilton, Ont.; deputy grand treasurer, L. G. Wallace, Woodbridge, Ont.; deputy grand secretary, Daniel McDougall, Glace Bay, N. S.; grand lodge auditors, W. A. Stewart, Berwick, Ont., and J. H. Delamere, London, Ont.

Toronto, June 6.—The Toronto Methodist conference finds a shortage of young men entering the ministry. The deficit is laid to the fact that some years ago the policy was to discourage young men entering the ministry. Now that they are wanted for the filling up of Western circuits, they are lacking.

Toronto, June 6.—(Special)—The report in Lennox concluded today. With all the ballots counted the result stood a tie; whereupon the returning officer gave his casting ballot in favor of Macdonald, Liberal, who had previously been given two majority.

Winipeg, June 6.—(Special)—Jos. M. Goeman, a deck hand on the steamer Empress, one of the Rat Portage Lumber company's tow boats, while handling a tow line this morning on the Lake of the Woods, became entangled and had one leg taken off above the knee.

W. Mackenzie King, deputy minister of labor, and editor of the Labor Gazette, was here today, in connection with the Canadian labor unionists' strike. He interviewed both men and officials of the company and returned to Toronto, where it is understood, he will interview Mr. Mackenzie or Mr. Mann.

MEANT THE METHODISTS.

Rev. Mr. Kittson and His Remarks at Ottawa Synod.

THE NELL SAILS.

Carried Good Cargo of Supplies to Northern Ports.

SEALERS BUSY.

Indians Want an Increase in the Price Per Skin.

Ottawa, June 6.—(Special)—R. G. McConnell, of the Geological Survey, arrived here yesterday for the week end on the McMillan river, a tributary of the Pelly.

A number of census clerks have received their census work being slackened off.

Rev. Mr. Kittson states today that his strictures at the Anglican synod yesterday did not apply to Presbyterians, but only to Methodists.

The Nell sailed for Northern ports, carrying a good cargo of supplies to the coast.

The steamer Nell left last night for Naas and way ports of the Northern coast, carrying quite a heavy freight, but few saloon passengers. The Nell was to have sailed a few days ago, but as the time was taken up in replacing the steamer from the Sidney-Nanaimo route while the latter vessel was undergoing repairs, she was unable to get away until last night. Her cargo consisted for the most part of cannery supplies, groceries and general merchandise for the logging camps, mines, settlements and other centres of population along the Northern coast. As did the Willapa, which sailed on Thursday night, the Nell carried a number of Chinese cannery employees and fishermen. The steamer Tees, which is due today from Naas and way ports, will be the next steamer to sail for Northern ports. She will leave port for Naas on Thursday.

The sealers are actively engaged in banding their seals and putting the outfits on board the fleet of schooners which are lying at the sealers' wharf at Point Ellice, and in about a fortnight it is expected that quite a fleet will get away for the West Coast to endeavor to ship their Indian crews. The Indian hunters are again endeavoring to get a raise of their lays from the Sealers company, several of the village losses having already sent letters to the Sealing company to the effect that

It Makes A Flutter

Possibilities of Canadian Fast Atlantic Line Are Not Relished.

And Therefore Studied Attempts Are Made to Discredit the Move.

Nameless 'Authority' Deprecates Any British Opposition to the Yankee Combine.

London, June 6.—The statements which have recently appeared in the British press and which forecasted the formation of an all-British shipping combination, seem to be open to grave doubts. Judging from careful inquiries made by the Associated Press in the most influential quarters of London, almost all of what has so far been printed is not only premature, but inspired, and its purpose is to assist towards the realization of the project, which is as visionary as before.

The circumstantiality with which these published reports have been adorned contrasted strangely with the statements of those without whose support such a combine would probably be futile. Even the cardinal point upon which these published stories were hung, namely, the utilization of Canadian subsidies, seems to be untrue. In face of recent remarks on this matter, by Mr. J. Israel Tarte, Canadian minister of public works, the Associated Press has been informed that Lord Strathcona and Mount Royal, high commissioner for Canada, had received no proposition with respect to Canadian subsidies. So far as the High Commissioner knows the offer of the Canadian government of subsidies, while still open, has not been negotiated for. Such negotiations might be made direct to Ottawa, but it would be curious if Lord Strathcona and Mount Royal, in his dual position of Canadian high commissioner and a large holder of shares of the Canadian Pacific railway, were ignorant of the occurrence.

Lord Rothschild, whose financial assistance in the proposed shipping combine would almost certainly be asked, has not heard a word of the combine, with the exception of what he has seen in the newspapers, and these reports he appears to discredit.

Baron Bross, who are intimately connected with mercantile finance, entirely discredit the possibility and advisability of British opposition to the United States combine.

One of the leading figures in the English business world whose name ranks with that of the Rothschilds, said today: "I have not heard a word which makes me think this British project is other than a visionary one. If it materialized, it would not have the support of the best financial circles of England. It is an entirely unnecessary step and leading men do not like this agitation; they deprecate any suggestion of a reton against so-called American aggression."

"There is no necessity for such a combine as long as Americans are willing to pay two or three shillings on the pound. It is much better that England should understand that the statements published in the newspapers are quite unauthorized."

"The Morgans are quite undisturbed at the press reports of the projected combine, or at Mr. Tarte's speech. The information which is obviously likely to be correct, leads to the belief that absolutely nothing has been accomplished between the British ship owners and that there is some probability of any satisfactory basis of operation being reached. The Morgans and other members of the original Atlantic shipping combine profess utter indifference as to whether or not new projects materialize, and declare that any such competition would not be formidable."

More than one of the lines now mentioned as in the combine were offered to Morgan and refused by them.

Sir Alfred Jones, chairman of Elder Dempster & Co., who is supposed to be one of the most prominent movers in the new combine, said today to a representative of the Associated Press that he could not make any statement at present.

AT OTTAWA.

Belief That the Scheme Will Be Carried Through.

Ottawa, June 6.—(Special)—The statement that the Imperial government have concluded an arrangement for the establishment of a fast Atlantic service is premature. The subject will be discussed at the approaching conference to London, when doubtless the two governments will be able to agree upon joint action. If, as reported, the Beaver Steamship company, of which Sir Alfred Jones is president, and the Canadian Steamship company, are willing to take up the project, the prospects would seem to be bright for the inauguration at no distant period of a first-class service.

STRIKE THREATENED.

Trouble Anticipated on the Great Northern Railway.

Spokane, Wash., June 6.—A strike that may extend from the Mississippi river to the Pacific ocean, is imminent, unless concessions are made within the next 24 hours to the Great Northern railway boiler makers at Hill Yard, a suburb of Spokane, who have made a demand for an increase in wages.

The machinists at Hill Yard are understood to be in sympathy with the boiler makers and may back them, if necessary.

The boiler makers at Hill Yard have asked for an increase in wages of from \$3.50 to \$4 a day. Unless news is received that the increase is granted, it is understood the boiler makers will quit work tomorrow, seriously crippling the short line. It is understood that the demand is being made throughout the entire system of the Great Northern railway, tomorrow being chosen for action. The machinists at Hill Yard, while not expected to quit tomorrow, are understood to be in sympathy with the boiler makers.

THE MAMMOTH BANKRUPT CLOTHING STORE WILL BE OPEN UNTIL 11 O'CLOCK TONIGHT. REMEMBER JUST THREE WEEKS MORE FOR THE BANKRUPT BARGAINS DURING THE MUST-MOBE SALE AT 111 GOVERNMENT ST.

CLEARING HOUSE.

Report for Week of Principal Canadian Cities.

New York, June 6.—The following are some of the weekly clearings as compiled by Bradstreet for the week ended June 5, with percentages of increase and decrease, as compared with the corresponding week last year: Montreal, \$22,677,224; increase 22.3 per cent. Toronto, \$18,156,125; increase 33 per cent. Winnipeg, \$3,380,968; increase 191.3 per cent. Halifax, \$806,820. Vancouver, \$1,207,756; increase 35.9 per cent. Hamilton, \$831,055; increase 11.4 per cent. St. John, N. B., \$1,704,077; increase 90.5 per cent. Victoria, \$465,206; decrease 40 per cent. Quebec, \$1,874,327; increase 8.4 per cent.

Your Doctor Wants

His medicine to produce certain results. He knows what to expect from the pharmacologically pure drugs and if his prescription is made up with these kinds of drugs he knows it. Drugs involve the question of kill or cure. If they're pure they'll cure, if not, they're more likely to harm than to aid. If you have to take medicine—don't fool about it—go where purity is made the standard of all DRUGS kept for sale. We believe our Drug Stock meets these conditions of purity. This purity and prescription accuracy is for your benefit in exchange for your patronage.

COAL STRIKE.

Miners of Virginia and West Virginia To Go Out.

Ronoke, Va., June 5.—It is believed that the general strike among the soft coal miners of Virginia and West Virginia, which has been scheduled for next Saturday, will go into effect and practically all the fields will be tied up on that day.

GLASGOW ACCIDENT.

Man Charged With Culpable Homicide as Result of Inquiry.

London, June 6.—A sensation developed at the investigation into the Glasgow football accident of April 5. A man named Alexander McDougall was indicted on the charge of culpable homicide in the creation of a stand which collapsed on the occasion of the match between England and Scotland, and resulted in 21 persons being killed and 25 injured.

HUNDRETH TRIP.

Collier Titania Makes a Century Run—Presentation at Nanaimo.

Nanaimo, B. C., June 6.—(Special).—Collier Titania from San Francisco, arrived this evening fully decorated with flags. She has made her one hundredth trip between here and San Francisco as a coal carrier, without an accident. Capt. Egenes is being congratulated by shipping men in consequence.

Messrs. W. and J. Miller of the Nanaimo hospital staff, who have been connected with the hospital as superintendent and chief assistant respectively for 12 years, leave tomorrow for England. Today they were given a number of addresses and various mementoes by the hospital board, the Women's Auxiliary and the hospital staff. Mr. Watson intends remaining in England. Mr. Miller may return.

SIR ROBERT GIFFEN.

Gives His Views on the Shipping Combine.

London, June 6.—Sir Robert Giffen, president of the Shipping Conference, and chief of the Statisticians' Association, before the House of Commons committee on steamship subsidies, said the changes in the position of British shipping, compared with those of other countries, were due largely to circumstances apart from subsidization. There has been diminution of British progress, while elsewhere, especially in Germany, there has been a great advance. The number of German owned ships sailing under the British flag, quite apart from those within the combine recently formed, had largely increased and was still increasing, and he regarded it as obvious that notwithstanding the fact that the White Star line was sailing under the British flag, the United States government regards its steamers as being American vessels and would be prepared to defend them as the property of American citizens. Sir Robert said he regarded subsidization as a political rather than an economic question.

THE ARMY THANKED.

Government Send a Message Through Kitchener.

London, June 6.—The War office has cabled congratulations to Lord Kitchener on the energy, skill and patience with which he conducted the long campaign in South Africa, and has asked him to communicate to the troops the government's profound and sincere appreciation of his endurance, bravery and his spirit of self-sacrifice. Lord Kitchener replied, on behalf of the army in South Africa, tendering its sincere thanks for the congratulations of the government, which he was sure the troops would receive with great satisfaction. The organ of Colonial Secretary Chamberlain, the Birmingham Post, says today that on account of his age and infirmities the British government has waived its claim for the acknowledgment by Mr. Kitchener of British sovereignty over the Transvaal, and has consented to all the Boer delegates in Europe a safe conduct to their homes in South Africa.

DEFENCE OF EMPIRE.

Resolution Passes at Conference of Boards of Trade.

Toronto, June 6.—(Special). That in the opinion of this conference it is the duty of the Dominion, as an important division of the Empire, to participate in the general defence of the Empire, and therefore that an annual contribution should be provided in the Dominion budget for this purpose, to be expended as the Dominion government may direct. The question of the defence of the Empire, the chief subject brought before the conference of the Boards of Trade of the Dominion, was finally decided this afternoon, as far as the conference is concerned by the adoption of the above resolution. The resolution as passed was carried by a small majority, 40 in favor and 22 against.

Four amendments that were put to the meeting were all voted down. The conference was brought to a close shortly after 4 o'clock this evening after passing other resolutions in favor of Canadian copyright, of subsidizing colonization railways, of the appointment of a railway commission, of government assistance to ship building in Canada, and a Canadian insolvency law.

"Better out than in"—that humor that you notice. To be sure it's out and all out, take Hood's Sarsaparilla.

A pleasure outing for families, take steamer City of Nanaimo from C. P. N. wharf at 10 a. m., Sunday. Fifth Regiment band.

E. & J. BURKE'S OLD IRISH WHISKEY

The undoubted superiority of Burke's Old Irish Whiskey accounts for the world-wide popularity it has enjoyed for more than half a century.

For sale by all leading Grocers and Wine Merchants.
JOHN HOPE & CO., Montreal, Agents for Canada

FAREWELL TO THE PASTOR

Rev. W. H. Barraclough and His Wife Take Leave of Centennial Church.

The congregation of the Centennial Methodist church met in the school room last evening to say farewell to Rev. W. H. Barraclough and Mrs. Barraclough. Rev. Mr. Barraclough, who has been pastor of the church for the past four years, is leaving for Dawson shortly, where he will take charge of the Methodist church. The gathering last night was a very large one, many friends of Mr. and Mrs. Barraclough, from all sections, being present. The programme opened with a hymn, after which Rev. Mr. Barraclough gave a prayer. Mr. Wheeler, Mrs. Gregson and Mrs. Anderson rendered vocal solos. Mr. Stitt gave a song solo and Mr. Barraclough an interesting reading. The chairman, Mr. N. Shakespeare, then made an address, referring to the friendly feeling which had existed between pastor and people for the past four years, and expressed his sorrow at the parting.

Rev. Elliott S. Rowe added his tribute to Mr. Barraclough's worth. Mr. W. H. Bone read the following address:

Dear Mr. Barraclough.—Time with its ever changing seasons, has ushered in all too quickly a day that will separate us in our relation as pastor and people. It is with regret and sadness we are compelled to say goodbye, for during your four years' pastorate you have become endeared to the members of your church and congregation. Through your faithful labors, your gentleness in reproving sin, your love for souls and your earnestness in every department of the work of the church.

The flourishing condition of the Young People's Society, the great deal of physical interest and interest in the church in Christian work. They have appreciated your efforts and sincere regard for them to lose one whose patience and love have developed many earnest Christian workers among them.

The rapid advancement you have made during your administration into the British Columbia conference is an evidence of the high esteem in which you are held by your brethren and the fact that the quarterly official board of this church is carrying out an invitation for the year is ample proof of your usefulness in extending to the Master's work.

We have appreciated also your efforts in stimulating us to give liberally to God's work, and it has been with the result that we today as a church are in a better financial condition than ever before. Your labors have been blessed of God in the salvation of many souls. Not only have you been a spiritual father to the adults but you have been a father to the young, and the many who have been brought into the fold of the church, and we believe the spiritual condition of the church today is due to your faithful labors.

We desire also to express our appreciation of the services rendered by you in the Ministry Circle, the Ladies' Aid Society, and in every department of the church.

During your pastorate we have not only had days of happiness, but days of sorrow, as one after another of our officials and church members have been called to their Heavenly home; but we will not soon forget your gentle ministrations and tender sympathy in the homes of bereaved ones.

May God's richest blessings attend you and your dear wife and family in your new home, making you and yours as useful and even more useful in God's work than in the past, and may those who sit under your ministry be strengthened and built up in the Christian faith.

Coronation Day.

Rossland to Have Celebration—Presentation to Hon. T. M. Daly.

Rossland, B. C., June 6.—Rossland will have a demonstration and coronation celebration on Coronation day, the 26th inst. Strong committees have been formed and the affairs promises to be most successful.

Arthur Jackson, a native of the Island of Martinique, was sentenced here today to nine months' imprisonment for slaying a bartender named Patrick F. McCarthy with a razor on Sunday last. Jackson will put in his time at the provincial jail in Nelson.

The Peace.

Mr. Balfour Says It Means Happy Era For South Africa.

London, June 6.—A. J. Balfour, the government leader in the House of Commons, in a speech at a banquet tonight, referred to the South African war. He said the war had been only a necessary evil, and that it had been removed, and that peace had not been bought by unnecessary concessions. Mr. Balfour said he believed the terms of peace possessed every element of certainty, permanence and stability, and that a new and happy era had been born in South Africa.

"To have acted upon the advice of Lord Rosebery and Sir Henry Campbell-Bannerman," said the speaker, "and bought peace at the price of complete amnesty would have been to put a premium on rebellion. While we have negotiated with Mr. Kruger and his advisers would have been a mistake."

Mr. Balfour said he could respect the feelings of the British people, but not those who had deserted the republics of South Africa. The contention that peace might have been secured by a more lenient policy, because General Buller then demanded independence, Mr. Balfour devoted the latter part of his speech to refuting the divided councils of the Liberal party.

Business Pointers.

Dixi H. Ross & Co. are selling Victoria, Delta and Cowichan creamery butter at 25c per pound.

TELEGRAPHIC BRIEFS.

The V. V. & E. had four applications before the railway committee at Ottawa yesterday, to construct a branch line from the main line extending to Columbia and Grand Forks; for a branch to Granby; for approval of plans for crossing the Kettle River railway, and for permission to cross the Columbia and Western railway. The applications were opposed by the Kettle River railway. The first three applications were taken into consideration and on the fourth it was decided to have the parties confer to see whether they could agree.

Two Tennessee, furnished the daily lynching report from the United States yesterday. As usual it was a negro.

In all fifteen men have been arrested in Toronto, charged with robbing fare boxes of the street railway.

IT STRIKES THE HEART.

Not only is the victim of Rheumatism a constant sufferer, but he lives in continual dread that the disease will reach the heart, which means sudden and unexpected death. Rheumatism can only be cured when the uric acid is removed from the blood. The only action of the kidneys. Dr. Chase's Kidney-Liver Pills make the kidneys healthy and vigorous, and so gradually and thoroughly cure rheumatism by removing the cause. One pill a dose, 25 cents a box.

Five little minutes are all the time Perry Davis' Painkiller needs to stop a stomach-ache, even when it is sharp enough to make a strong man groan. Don't be fooled by imitations. 25c and 50c.

Mount Pelée was reported yesterday as again being in a state of violent eruption. The King and Queen Alexandra held court at Buckingham Palace last night. It was a most brilliant affair.

The sail from here to Ironton and Port Townsend is worth the money besides you inspect the large iron smelter and listen to the band.

Sixty million years hence, according to Sir Robert Ball, the famous astronomer, day will be about twice as long as it is now, or, in other words, it will take the earth approximately forty-eight hours to revolve on its axis instead of twenty-four. This is based upon the theory that an equal number of years in the day was only half as long as it is now.

Scrofula

Few are entirely free from it. It may develop so slowly as to cause little if any disturbance during the whole period of childhood. It may then produce irregularity of the stomach and bowels, dyspepsia, catarrh, and marked tendency to consumption before manifesting itself in such cutaneous eruptions or glandular swellings. It is best to be sure that you are quite free from it, and for its complete eradication you can rely on Hood's Sarsaparilla. The best of all medicines for all humors.

DIED.

BURROWS.—At the family residence, No. 57 Montreal street, on the 5th instant, George John Burrows, third son of the late Robert Burrows, being a native of Glamorgan, Wales, aged 30 years. The funeral will take place from the residence as above, on Saturday afternoon at 2 p. m., and at St. James church a few minutes later. Friends please accept this intimation.

ROEMIG.—Accidentally drowned in Shawnigan Lake, on Friday, June 6, George Roemig, aged 49 years, a native of Wurtemberg, Germany. The funeral will take place from the B. C. Undertaking parlors at 2:30 p. m., on Sunday afternoon. Friends please accept this intimation.

George Keonig Is Drowned

Proprietor of Hotel at Shawnigan Lake Dead in the Lake.

Today the New Establishment Just Completed Was to Have Opened.

Shortly after noon yesterday the news of a sad fatality at Shawnigan was received in this city, the victim being the well known host of the favorite fishermen's resort, best known after his proprietor's name as "Keonig's." George Keonig, who had carried on this popular resort for the past 11 years, was last seen alive yesterday morning about 5 o'clock, when he went out ostensibly to begin his daily round. Not returning for breakfast, it was not long before his wife and neighbors became anxious over his continued absence and instituted a search for the missing man. Soon his clothes were found lying on the bank of the lake, but it was not until an hour or two after the southbound train had passed that the body of the deceased was found well down towards the outlet.

Deceased had long been in the habit of taking an early morning plunge into the waters of the lake, and had even been known to break a hole in the ice for bathing purposes, rather than forego his daily habit. During the forenoon, however, a note was found in the safe, the tenor of which is indicative of his entertaining some thought of self-destruction. (Written in German and addressed to his wife, it expresses contrition for his past actions and implores forgiveness. For some time past it has been well known that Mr. Keonig suffered from much ill-health, his last few days being a great deal of physical pain, and some of his friends suggest that to this was added a good deal of worry occasioned by the financing of the large hotel which he has been building on the old site, and to which was to have been reopened today.

The news of Mr. Keonig's death came as a great shock to his many friends in this city, where for years he has been both well and favorably known. He was born in Germany, and came to Shawnigan as one of the most popular resorts of the fishing fraternity, as well as for the little week-end trips by which so many Victorians break the monotony of the days of toil. For some time past the deceased has been very busy over the erection of his new premises to replace the old house burned some six months back. The new structure is quite a large one, and the deceased was in town on Tuesday last, making the necessary arrangements for its formal opening today.

George Keonig was a German by birth. Born amid the vine-dell hills that surround the old city of Stuttgart, in Wurtemberg, he went to New York, when about 18 years of age. There he worked for several years, going afterwards to Philadelphia. Later on he came to Shawnigan, and in 1887, he was the first to lay the foundation of the Shawnigan Lake business, which post he left only to take over the Shawnigan Lake business from Charles Morton. He was married twice, his first wife being the widow of Brother Walter, of the old Bavaria brewery, on Fort street, the second being Miss Weigel, of Nanaimo, who now survives him, together with two little boys, his only children. The deceased is known to have no other relatives living in this country, a brother who worked with him in the Victoria brewery, having died in New York several years ago. His life is said to have been insured to the extent of some \$4,000.

An inquest was held yesterday afternoon by Mr. James Norcross, and a verdict was returned of accidental death. The evidence showed that the body was found a short distance beyond one's depth, opposite Mr. Keonig's usual bathing place. His clothes were neatly folded on the bank.

The funeral takes place in this city on Sunday, 2:30, from the B. C. Undertaking rooms.

A GOOD CONCERT.

The testimonial concert given at the Victoria theatre last night by the Fifth Regiment Band, assisted by Mrs. Robert Dunsinuir, the Misses Loewen and Mosses, Herbert Taylor and A. T. Goward, attracted a small audience, but as many tickets were sold to people who failed to attend, and the expenses were practically nil, the Patriotic Relief fund, in aid of which the concert was given, will receive a welcome addition. The concert was under the patronage of His Honor the Lieut.-Governor, who attended with a party and occupied a flag-draped box to the right of the stage. The programme was a good one. It commenced with a selection from Gounod's "Faust" by the band under the leadership of Bandmaster Finn, followed by the more robust music of Wagner's "Pillgrims' Chorus" from "Tannhauser." Mr. A. T. Goward sang a selection from Barnett's "Rhapsody of the Ancient Mariner," and Mrs. Robin Dunsinuir was heard in Pears's rendition of Tennyson's "Break, Break, Break." She was escorted and responded with another musical gem, Mr. Herbert Taylor, whose pure bass voice was in good trim, sang the selection from "The Rhapsody of the Ancient Mariner," in which he achieved such success at the Victoria theatre concert—"Stirring Plew the Ship." The band followed Mr. Taylor, rendering Plotow's overture to "Stradella" (given by request) in capital style, and Gotschalk's descriptive piece, "The Dying Poet."

Miss Laura Loewen sang in her clear soprano voice Edward German's "Love the Pedlar," and when responding to an encore she was assisted with a band of flowers. Mr. Herbert Taylor followed, rendering Mr. Herbie's "My Native Land" in excellent manner, and a good concert was then brought to a close by the rendition of a selection of popular songs arranged by Mr. Finn, by the band, who played the National Anthem after a merited encore. Miss Gertrude Loewen acted as accompanist during the evening, and her skill in playing added much to the success of the entertainment.

The aiders to the fund in connection with the concert were as follows: R. H. Jamieson, theatre staff; A. H. Cave, W. Cave, F. Walker, Edward North, F. Harman, J. Mantion, T. Hutcheson, H. Marsh, Lee Leonard, J. Woods, J. Stark, W. Nicholson, J. Hockley and E. Walker. B. C. Electric Railway Co., Ltd., services; P. McDonald, services; T. R. Casnak, printing; M. W. Vair & Co., piano; Victoria Book & Stationery Store, services; T. Alexander, services.

CHARACTER IN MEDICINE.

There is character in Dr. Chase's Ointment—just such character that has made Dr. Chase's Ointment the most admired of the world. Dr. Chase's Ointment has stood the test of time and remains today the only actual cure for piles and itching skin disease. It is the standard ointment of the world. You can rely on it as you rely on Dr. Chase's Receipt Book, because you know that it is backed by the sterling character of Dr. Chase—America's Greatest Physician.

P. D. Corsets

The trouble with most Corsets is that they are made only in a few styles and it is hit or miss whether they fit or not. Better wear none than one that doesn't suit your figure. Scores of styles in Corsets bearing P.D. stamp. All hand-moulded and tailor-cut.

FIGURES TALK!

The fifth annual meeting of the shareholders of the Crow's Nest Pass Coal Company was held in Toronto, March 7th.

The net profit of the year, after paying all operating expenses and all charges of every kind, amounted to \$207,848.39. After paying a dividend at the rate of ten per cent per annum, a balance of \$28,142.89 was carried forward to the credit of profit and loss.

This Company's assets are their coal mines and the Townships of Fernie, Four years ago the Company had no transportation facilities, and their stock sold as low as eleven cents per share. Today their stock is selling at \$30.00.

The Similkameen Valley Coal Company Limited, assets are coal mines, timber, water power, agricultural and horticultural land, city waterworks, electric light plant, and the Townships of Ashcroft, and the Townships of Ashcroft, Gold, copper, silver, lead, iron, lime, fire clay, platinum and a fine stock raising country, and it is the amazing centre of the Similkameen Valley, with a climate all that could be asked. Today you can secure an option on this Company's stock by paying ten cents per share down and ten cents per month until fully paid, with non-forfeiture clause. This price is subject to twenty-five cents advance without notice or as soon as transportation is assured. The present price is \$1.10 per share. Do not wait until it is too late, but get in on the ground floor and make a handsome profit. A purchaser of 100 shares now may gain a profit of \$8,900.00. Crow's Nest shares as an example. This would be a fair profit on an investment of \$10 per month for eleven months. We invite the fullest inspection of the Company's affairs by intending purchasers. For further information apply to the

Similkameen Valley Coal Company, Limited.

DISALLOWANCE.

Mr. Joseph Martin's speech upon the
Alien Immigration Act yesterday was a
model of lucidity and as fine an exposition
of the fundamental principle of the
British Constitution as we ever heard,
that principle being the absolute sov-
ereignty of the people through their rep-
resentative assemblies. The first part
of his speech was devoted to the origin
and reason for the power of disallow-
ance. This power is given to the Do-
minion government, not for the purpose
of quashing legislation of the province,
which is without validity in any case;
and certainly not for the purpose of sub-
stituting for the will of the people the
judgment of the Minister of Justice, but
simply for the purpose of preventing acts
in one jurisdiction which might overlap
and trench upon the authority of another
jurisdiction. There is no power on earth
which has any right to disallow the acts
of a sovereign parliament which are intra
vires, and do not conflict with the rights
of another sovereign body. The Dominion
government has not this right, the
Dominion parliament has not this right.
The Imperial government has not this right.
Theoretically the British parliament
could resume it by repeal of the British
North America Act, but practically
such a course would lead to an im-
mediate and justifiable rebellion. But
neither theoretically nor practically could
the British parliament resume it in a
particular instance. But is the Legisla-
ture of British Columbia a sovereign
body? Certainly it is within the limits
of its jurisdiction. The right of the
people to govern depends upon no statute
or constitution. It is a fundamental
principle requiring statutes and constitu-
tions for its due observance and ex-
pression. The British North America
Act regulates by what representative
bodies the ruling function of the people
shall, in different particulars, be ex-
pressed. It places certain matters with-
in the jurisdiction of provinces, others
within the jurisdiction of the Dominion,
but having done that, it can do no more.
No statute could do any more. It could
make a matter ultra vires of one rep-
resentative body, and intra vires of an-
other or vice versa; but no piece of
parliament that ever grew on a sheep's
back could, for one moment, interfere
with the sovereignty reposing in the
people, and that sovereignty, so far as
matters intra vires of the province are
concerned, can only be expressed through
the representative assembly of the pro-
vince. There is an exact parallel be-
tween the disallowance power of the
Dominion government and the prerogative
of the Crown. In old days the
direct representative of the people,
consequently there was likely to be
an overlapping or interference
between parliament and the
throne. Hence the prerogative was
necessary and useful. But when asked
in precisely the same way as men like
Mr. McPhillips argue the Dominion gov-
ernment is entitled to abuse its prerogative,
what did it lead to? The whole
course of British history has been one
long attempt to vindicate and make clear
the principles that no external authority

Spencer's Rebuilding Sale

Commences Tuesday, June 10th.

This Sale is to dispose of stock that we have no room to hold during the construction of our New Building. Work has already been commenced, and in two weeks one-half of the building—extending from Government Street to Broad Street—has to be torn down. Thus we have to vacate the space occu-
pied by Linen, Sheetings, Muslin, Dress Goods, Silk, Hosiery, Corset, Underwear, Carpet, Furniture and Boot and Shoe Departments.
Unusual advantages are offered to the public by this sale, as the goods are entirely new and very great reductions have been made in order to clear out the stock in this short time.

Provincial Legislature

Kitimaat and Hazelton Railway Bill Passes Its Second Reading.

Anti-Asiatic Immigration Bill Passes Final Stages Unanimously.

Legislative Chamber, June 6, 1902.

Mr. Speaker took the chair at 10:45 a. m.

Mr. Oliver complained that the return regarding the Columbia & Western railway did not include correspondence which, he was informed, was in possession of the government.

A bill to amend the Assessment Act was read a first time on motion of Hon. Mr. Prentice.

KITIMAAT AND HAZELTON.

Hon. Col. Prior moved the second reading of a bill for the construction of a railway from Kitimaat to Hazelton.

The proposed railway would be the first link in an all-Canadian road to Yukon.

It started at the head of Kitimaat Arm, at a point about 200 miles from Kitimaat, and would traverse a fine agricultural and timber country, including the Kitimaat valley, which was well known for its fertility.

There could be no doubt that a line of such a road on the development of the Northern portion of the province. The number of miners already in that country and the mining and other industries proposed to be carried on would afford immediate business for the road.

He had every confidence in presenting the bill to the House, feeling that it would meet the support which such an important undertaking deserved.

Mr. McPhillips opposed the bill. He did not consider the aid proposed, \$5,000 a mile, sufficient to ensure the building of the road. He did not believe in subsidies at all but he claimed the government should have brought down a proposal which would have secured the immediate construction of this and the other railways. He was prepared to say how this could be done, but intimated that the opposition had discovered a method by which they could cause railways to be built without cost to the country. He continued with a lengthy attack upon the government, individually and collectively, with uncomplimentary references to Mr. Greenhalgh. He made his accusations against the government, and declared, build railways "tomorrow, immediately," if properly approached by the government.

Mr. Curran also opposed the second reading. Among other charges which he made against the government was one to the effect that the information published regarding Bulkley Valley was misleading and that the people who were going in there to settle were being deceived by the administration. He strongly favored a railway from Kitimaat to Hazelton, but he opposed the bill because the aid proposed was not in the shape of a loan.

Mr. Hunter replied in support of the second reading. He pointed out that Mr. McPhillips had, in the discussion of the bill, been very strongly in favor of the C. P. R. in preference to a foreign corporation. Mr. McPhillips had also declared on that occasion that the government would not be responsible for the construction of the Coast-Kootenay railway by a responsible company, intimating that the V. & E. or the parties represented by Mr. Bodwell were not responsible.

Mr. Hunter had an interview with Mr. J. J. Hill at St. Paul, on May 21, 1901, and Mr. Hill had informed him that if Mr. Perreault Morgan would agree to join the C. P. R. in the construction of the Coast-Kootenay railway, he would be able to secure the immediate construction of the Coast-Kootenay railway by a responsible company, intimating that the V. & E. or the parties represented by Mr. Bodwell were not responsible.

Mr. Hunter had an interview with Mr. J. J. Hill at St. Paul, on May 21, 1901, and Mr. Hill had informed him that if Mr. Perreault Morgan would agree to join the C. P. R. in the construction of the Coast-Kootenay railway, he would be able to secure the immediate construction of the Coast-Kootenay railway by a responsible company, intimating that the V. & E. or the parties represented by Mr. Bodwell were not responsible.

SPORTS FOR THIS AFTERNOON

Victoria and Nanaimo Seniors to Play Lacrosse at Caledonia Park.

Baseball Team off to Vancouver to Play Terminal City Team.

The Victoria and Nanaimo senior lacrosse players will line up in the Caledonia grounds at 3 o'clock this afternoon. Since their last game with Victoria, the Nanaimo team has been considerably strengthened, and the boys from the Coal City are confident of winning from the local players. W. Dinmore, who formerly played third home for Victoria, is now playing on the Nanaimo home, and Sam Hague, another crack-jack, is also on the team. The Victoria line up has been rearranged and the team is much stronger than it was when New Westminster played here. Jack Wolfenden, who formerly played a star game for the Capitals, is on first defence; T. Cusack, another old reliable, is second defence; C. Blain, the well known sprinter, will hold down first home; F. Stevenson will defend the flags; Fred White will not be expected to play, owing to illness, and will be filled in by W. Stephen. Cullin will act as field captain for Victoria. The Victoria line-up is as follows:

Goal, F. Stevenson; point, S. Lorimer; cover point, W. McConnell; first defence, J. Wolfenden; second defence, T. Cusack; third defence, H. Jesse; centre, K. Schotfeldt; third home, C. Blain; second home, J. Blain; first home, F. Smith; outside home, W. Stephen; inside home, D. Milne; spare man, Loveridge and Whitlaw.

JUNIOR LACROSSE.

South Park and Central Teams to Meet This Afternoon.

The South Park and Central Junior lacrosse teams meet at the Caledonia grounds this afternoon at 1.15 in the second junior league game of the season. It is hoped that a large number of people will turn out and encourage the boys. New Westminster has been largely enabled to hold her enviable position in the

lacrosse world by systematically training the junior players until they are fit for intermediate and their senior places. The Victoria junior league has been formed with the intention of working on these lines, and already the results are apparent. The boys practice faithfully and train very hard. A number of them may be seen springing round Beacon Hill in the early mornings. The spectators will be treated to genuine lacrosse, for the combination and all-round play of the boys has astonished the seniors. The teams are as follows:

South Park—Goal, G. Edwards; point, W. Edmonds; cover point, Bert Clarke; 1st defence, C. Ross; 2nd defence, L. Mason; 3rd defence, Y. Gillespie; centre, W. Lord; 3rd home, S. Anderson; 2nd home, B. Jamieson; 1st home, J. Jamieson; outside home, I. Irwin; inside home, A. Holmes.

Central—Goal, B. Thyevalant; point, A. Sargison; 2nd defence, A. Knox; 3rd defence, H. Matthews; centre, H. Sargison; 3rd home, L. Sweeney; 2nd home, W. Kelly; 1st home, A. Cleeg; outside home, W. Maynard; inside home, P. Knox; Reserves, F. Campbell, O. Somers, F. Harding and H. Ogden.

YACHT RACE.

A and B Class Boats Entered For Today's Victoria Club Regatta.

The Victoria Yacht club will hold the first of a series of races for A and B classes this afternoon. The course will be from Pearline Rock round a flag buoy anchored in Royal Roads, thence to Brodie's Ledge and back to the finish line, all buoys to be left to port except at the start. The following yachts are entered:

A Class—Wideawake, Ariadne, Francis.
B Class—Dione, Banshee, Vril, Red-

skin, The Bird, Aloha, Tikum, Maricel, Onelka and Noreen.
The race will start at 3 o'clock.

COLONIST CUP.

Interscholar Baseball Has Been Successfully Launched in This City.

The first ball games for the Colonist Cup will be played at Beacon Hill on the first day of the Victoria Day celebration. These, through the praiseworthy efforts of the superintendent, the principals and teachers of the schools, constituted one of the most interesting and popular features of that splendid celebration, and possibly contributed more largely than any other of the attractions to the general pleasure of the citizens. The sports were first suggested, and through Supt. Eaton offered to the public schools as a trophy to be played for by their baseball players. The offer was gratefully accepted, and arrangements made for the games, which will be played forthwith.

This offer, it may be of interest to note, was made in recognition of the success of the school sports at Beacon Hill on the first day of the Victoria Day celebration. These, through the praiseworthy efforts of the superintendent, the principals and teachers of the schools, constituted one of the most interesting and popular features of that splendid celebration, and possibly contributed more largely than any other of the attractions to the general pleasure of the citizens. The sports were first suggested, and through Supt. Eaton offered to the public schools as a trophy to be played for by their baseball players. The offer was gratefully accepted, and arrangements made for the games, which will be played forthwith.

1. The cup shall be known as the Colonist cup.
2. The following shall constitute its trustees:
(1) The city superintendent of the public schools.
(2) The principals of the several schools, or a teacher from each, to be nominated by the principal.
(3) A representative of the Victoria Baseball club, to be nominated by the executive committee of that organization.

(4) The City Editor of the Colonist newspaper, or one of the staff to be nominated by the manager.
3. The cup shall be annually competed for by a team from each of the schools in a series of matches to be arranged by the trustees. The winner of the cup shall be the holder of the cup for the ensuing year, and the cup itself shall be in the custody of the head of the school having the winning team. The school winning the cup successive years shall be the owners thereof.
4. The members of the team for each shall be certified under hand of its head as bona fide pupils, duly enrolled, and in attendance.

5. All other points arising in connection therewith shall be left to the decision of the trustees aforesaid.
At yesterday afternoon's meeting a number of the Victoria Baseball Club members were read by Mr. Eaton regretting their inability to attend, but promising that the South Park school would be in. The other schools were represented by Principals, Pals and Mr. Kinz. After some discussion the following schedule was adopted to be played twice over thus giving each of the schools two games with each of the others:

(1) Central vs. North Ward.
(2) Victoria West vs. South Park.
(3) North Ward vs. Victoria West.
(4) South Park vs. North Ward.
(5) Central vs. North Ward.
(6) Victoria West vs. Central.
Of these the two first will be played as above stated on Saturday next, beginning at 10 o'clock. Through the kindness of Mr. Lawrence Goodacre, his well known field will be the scene of the Central vs. North Ward match, while the other will be played at the Hill.

JUNIOR BASKETBALL.

Winby's Nine and the Stars to Play at the Hill This Morning.

Winby's basketball team will meet the Stars at Beacon Hill this morning, the game commencing at 10 o'clock. The teams are as follows:

Winby's—Goal, J. Sweeney; point, W. Creeden; 1st defence, C. Kinloch; 2nd defence, B. Hewartson; C. Rogers, W. Kelly.
Stars—F. Homan, L. Mason, W. Ross, J. H. Larrigan; capt., J. Bell, Guy, Laurie, B. Fawcett, W. Locks, T. Gray, Reserve, P. McQuade.
The positions of the players will be arranged when the game commences.

INTERMEDIATE MATCH.

Work Estate and Fernwoods Play at Oak Bay This Afternoon.

The Work Estate and Fernwoods baseball teams will meet in the first intermediate league game of the season in the Oak Bay grounds, at 3 o'clock this afternoon. Both nines have earned good reputations, and a fast and exciting game is expected. Frank Moore, the Fernwood twirler, is a new man, but great things are expected of him. He receives excellent support, the infield and outfield being equally good. The Work Estate pitcher, H. McConnell, is

Baby's Own Tablets

are good for children of all ages, from the tiniest, weakest baby to the well grown child, and are a certain cure for indigestion, sour stomach, colic, constipation, diarrhoea, teething troubles and the other minor ailments of children. There is no other medicine acts so speedily, so surely and so safely, and they contain not one particle of the opiates found in the so-called "soothing" medicines. See guarantee.

Mrs. Wm. Cardwell, Hamilton, Ont. says:—"A short time ago my baby was troubled with indigestion. She vomited everything she ate and got very pale and thin. Her head felt hot and feverish; her tongue was coated; her bath bad, and her eyes dull and heavy. She was fretful at times and again unusually drowsy. I saw Baby's Own Tablets advertised, and after getting a box began to give them to her. Inside of twenty-four hours she began to get better, and in a few days she was all right, and she is now quite healthy and rosy looking. I have also given the Tablets to my other children for colds and indigestion, and the result has always been good. I can recommend them very highly to all mothers for their children."

These Tablets are readily taken by all children, and crushed to a powder you can give them to the very youngest baby with a certainty of benefit.

Sold by all druggists or you can get them post paid at 25 cents a box by writing direct to

The Dr. Williams' Medicine Co.,
Brookville, Ont., or Schenectady, N.Y.

a cool player at critical points in the game, and J. Carter holds him down in fine style. The fee for admission will be 25 cents for gentlemen, 10 cents for children and ladies free. The teams are:

Work Estate: J. Catterall, c.; H. McConnell, p.; K. Hughes, lb.; Overell, 2b.; J. McInnes, 3b.; Anderson, ss.; H. McDonald, c.f.; T. Lusscombe, l.f.; Catterall, r.f.
Fernwoods: H. McMillan, c.; F. Moore, p.; J. McMillan, lb.; F. Carlisle, 2b.; Hutchinson, 3b.; R. Dalby, ss.; W. Blackburn, l.f.; W. McMillan, c.f.; B. Robertson, r.f.; and Camus, reserve.
T. Watson will umpire the game.

OFF FOR VANCOUVER.

Victoria Baseball Team Play at Terminal City Today.

Considerable money will change hands on the baseball match at Vancouver today. Slight odds have been offered on Vancouver and quickly taken by the supporters of the Victoria team. It is not believed that Vancouver has as strong a team as when they played here and they will not be expected to win the game, while the Victoria team has given yesterday morning.

RIFLE MATCH.

Teams from Numbers 4 and 5 Companies to Shoot at Clover Point Today.

This afternoon at 2 o'clock a team of 10 men from No. 4 company, Fifth Regiment, will compete with a team from No. 5 company, at the Clover Point range, in accordance with a challenge that was issued three weeks ago by the secretary of No. 4 company, the terms of which were as follows: 1. Team to consist of 10 men, 2. Ranges, 200, 500 and 1000 yards, 3. Second and third class shots only. The team to represent No. 4 Company association is: Capt. J. A. Hall, president; Bombr. H. E. Boorman, secretary; Sergt. W. Lindsay, Corporal; R. Lindsay and Hedgeman, Bomb. Margaret, Mrs. Edna, Brumell, C. McNaughton, H. Phelps; extras, G. Margison and D. A. McNaughton.

CRICKET MATCHES.

First and Second Victoria Teams Play Two Nanaimo Teams.

The first eleven of the Victoria Cricket club will play the Nanaimo second team at the Beacon Hill grounds this afternoon. The game will commence at 1.30 p. m. sharp. The eleven are as follows:

Victoria—Messrs. A. Monzie, C. Barclay, W. L. Bains, W. B. Ross, E. W. Carr-Hilton, G. G. Gooch, F. Lewis, H. J. Martin, Q. D. H. Warden, W. Macro, R. Jaeger.
Nanaimo—Messrs. W. Newberry, A. Hodgson, J. Garbett, W. T. Hedley, E. Snowden, J. C. Hodgson, W. Newberry, A. P. Watson, P. R. Boulton, J. Hodgson, J. K. Hickman.

The Victoria Cricket club's second eleven meets the Nanaimo second team at the Beacon Hill grounds this afternoon. The players, who are required to meet at the E. & N. station at 8.45 this morning, are as follows: L. B. Trimmen (capt.), B. H. Hurst, W. M. Gregg, L. E. Robertson, E. J. Howe, C. R. Deaville, P. Richardson, J. Bowler, J. Anderson, D. Hunter, R. G. Monteith. The following players will represent Nanaimo: D. O. Woodley, P. Dale, L. Snowden, F. Snowden, J. Fyvie, J. Calverley, J. J. Calverley, Sr., S. G. Bowley, P. Owens, R. G. Hard (capt.).

SOLDIERS VS. SAILORS.

Garrison and Navy to Play Cricket at Canteen Grounds.

The Garrison cricket team will meet an eleven from H. M. S. Grafton at the Canteen grounds, Esquimalt, this afternoon, the game commencing at 2 o'clock. The following players will represent the Garrison: Lieut. Cameron, Sergt. Askey, Sergt. Sergeant, Br. Longbottom, Br. Spall, Gr. Rivers, Gr. Crump, Gr. Crofts, Gr. Oliver, Gr. Longbottom, Sapper Baker.

SOLDIERS WIN.

Defeated Nanaimo at Cricket on the Work Point Grounds Yesterday.

The R. G. A. eleven defeated the Nanaimo cricket club by 45 runs at Work Point Barracks yesterday afternoon, the score being R. G. A. 124; Nanaimo 81. The R. G. A. batted first, Gunnors Rivers and Oliver being the bowlers of the Nanaimo team. Runs came quickly, Gunnors Rivers being in the form. When Oliver left with three runs to his credit, Bombr. Longbottom kept up his end, while Rivers gave a display of brilliant hitting. Hickman made 22 and Hodgson 6, but G. Hodgson and J. Hodgson both fell—victims to the bowlers without scoring, and things looked very black for the Nanaimo team, but he had no opportunity to score. When Nanaimo went to bat, it was at once noted that the R. G. A. bowlers puzzled the batsmen. W. Newberry and W. Hodgson accounted for 28 runs between them. Newberry making 22 and Hodgson 6, but G. Hodgson and J. Hodgson both fell—victims to the bowlers without scoring, and things looked very black for the Nanaimo team, but he had no opportunity to score. When Nanaimo went to bat, it was at once noted that the R. G. A. bowlers puzzled the batsmen. W. Newberry and W. Hodgson accounted for 28 runs between them. Newberry making 22 and Hodgson 6, but G. THE WEATHER.

Meteorological Office, Victoria, June 6-8 a.m.
SYNOPSIS.
Fair bright weather has prevailed today over the entire region west of the Rockies, and higher temperatures have been very general, especially between the ranges. In the Northwest the barometer is high in Alberta, and low in Manitoba, and the weather has been fair and moderately warm with occasional light showers.

	Min.	Max.
Victoria	42	60
New Westminster	38	58
Ottawa	44	68
Montreal	48	72
Calgary	48	64
Edmonton	48	64
Portland, Ore.	48	74
San Francisco	52	62

FORECASTS.
For 24 hours from 5 a. m. (Pacific time) Saturday:
Victoria and vicinity: Light or moderate variable winds, chiefly southerly, continued for 12 hours, and low in the morning.
Lower Mainland: Light winds, partly cloudy and warm, with occasional showers tonight or Sunday.

TEMPERATURE RECORD.
Report for 24 hours ending 5 p. m. Observations taken daily at 5 a. m., noon and 5 p. m.
FRIDAY, JUNE 6.
5 a. m. 43. Mean 48. High 54. Low 38.
6 p. m. 48. High 54. Low 38.

The velocity and direction of the wind were as follows:
5 a. m. Calm.
11 a. m. 4 miles north.
5 p. m. 4 miles southwest.

Average state of weather—Fine.
Sunshine—13 hours 18 minutes.
Barometer at noon—30.01.
Corrected—30.057.
NEW WESTMINSTER.
Barometer at 5 p. m.—Corrected—30.02.

VICTORIA TIDES.

For the month of June, 1902.

Issued by the tidal survey branch of the Department of Marine and Fisheries.

The time used is Pacific standard for the 120 meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The height is in feet and tenths of a foot.

LOCAL NEWS.

Hospital Directors.—A meeting of the directors of the Jubilee hospital will be held on Tuesday evening.

Looking For a Home.—A meeting of the Home Nursing society was held yesterday morning. The committee is endeavoring to secure a suitable home for chronic cases.

Council of Women.—A meeting of the Local Council of Women will be held at Bishopscrope on Monday, at 2:30 p. m., when Mrs. Baxter, who will represent the Victoria Council at the National meeting at St. John, N. B., will be present.

Organizing Lodges.—A. C. Gordon, of Toronto, is registered at the Dominion hotel. Mr. Gordon is the organizer for the Sons of Scotland, and reports having lately opened a new lodge of that order in New Westminster, besides doing a good deal of work in connection with the one in Vancouver.

Family Team.—At the Dawson hotel most of the Vancouver cricketers were seen last evening, when it was discovered that about half of them are members of two families, Messrs. J. Hodgson and W. Newberry with their sons accounting for five out of the eleven on Nanaimo's team.

Damages to Empress.—David Gilmore and F. M. Studley, the Seattle representative of the N. Y. K. company, returned from Vancouver last evening, and are staying at the Victoria hotel. While in the C. P. R. people looking into the question of damages arising out of the recent collision at the Outer wharf between an Empress and a Maru.

Released on Bail.—Yesterday afternoon Joseph Genelle was again released on bail, and the charge against him for inciting McMillan to burn the steamboat Glenora up at Dawson stands in about the same case as when he was first admitted to bail in April last by Mr. Justice Walkem. This time, however, the amount required has been considerably reduced. Thus, Taylor, M. P. P. of the Victoria hotel, is now in the Nelson, going on the bonds for \$1,000 each and the accused himself for \$2,000. This bail is filed pending the arrival of a fresh warrant for Mr. Genelle's arrest.

Recovering Here.—C. B. Stephen, of Hamilton, Man., who has been spending a winter's holiday in Southern California, is staying at the Dominion hotel. While in the South, Mr. Stephen had the misfortune to mix up in an electric train accident in which he received serious internal injuries. Starting home, he reached Victoria, and was obliged to enter the Jubilee hospital for treatment, where he has been for the past few months. He is now recovering, and is expected to leave the hospital today to leave that institution. He is still far from strong, and will spend several more days here before starting Eastward.

Accident Disappointed.—There was a possibility last night of Victoria losing William Keeler, and one of two other individuals, who have been charged on the city for some time. The captain of the collier Victoria, which met with an accident off Salt Spring Island, was badly in need of several men to take to Dutch Harbor to discharge coal. There was going to be a cleaning out of the lockup and hopes were entertained that once the charges of the city were dropped, Dutch Harbor there was little likelihood of their getting back. But they will not go, at least not at present, as the Victoria will be detained here as a result of her accident.

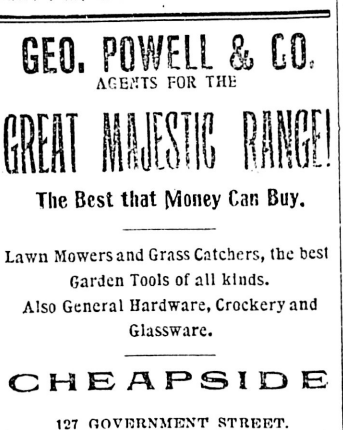

Safe Opens Today.—Richard Mansfield's approaching appearance in his latest success "Reverence" will be a rare opportunity to enjoy a new revelation of the master of the illuminating genius. The play is a charming story told with humor and strengthened with dramatic thrill. As the character of the play unfolds the widest latitude of his art. Much of it is in the vein of light comedy, bristling with wit, scintillating with humor, and in the end, there are love passages of exquisite tenderness, and at times demand upon his most inspiring eloquence. As a character, Richard Mansfield is one of the most interesting studies Mansfield has given the stage. The sale of seats begins at 9 this evening, and the box office is open. No telephone orders will be received before noon, and not more than ten seats will be sold to any one person.

A Parisian dentist has at last discovered a substitute for cocaine and other still more noxious anodynes in the employment of a high frequency electric current. A non-conducting covering of gutta-percha, lined, however, with gold leaf, is put over the tooth, and the electric current is introduced, and the most refractory nerve can be extracted without pain. Whether the nerve becomes insensible to the action of the current, or whether there is no reason to suppose that such is the case—electric anaesthesia has become the fashion for other forms of surgery in which only local loss of sensibility is required.

The discovery in a Chitnan copper mine of the body of an Indian workman, who had died there many years ago, and who had been preserved from decay by the employment of a high frequency electric current. The body of the copper is reported in an American mining journal. The mine in question is situated in the district of Chitnan, in the State of Chitnan. The Indian had evidently been killed by a fall from the roof while engaged in collecting atacamite in a small basket being hung from his hand, his stone instruments being found alongside.

Charles Oscar Keller, of Chattanooga, Tenn., after five years' work, claims to have completed an invention, which will, without wires, locate and indicate separating distances of ships within a radius of six miles, and establish telephone communication under all conditions.

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few drops of Carter's Little Liver Pills, they will cure you.

Provincial Legislature

(Continued From Page Five.)

matter of railways, but persistent agitation and the demands of a united people had forced the Ottawa authorities from their position, and had given freedom to railways to the province. (Applause.)

Mr. McBride said there was a difference of opinion as to the constitutional aspect of the bill, but he held that the British North America Act gave the provinces jurisdiction over their domestic affairs, including immigration. The trouble in the past had been due mainly to the dense ignorance of the people of the Eastern provinces with regard to the "Chinese question," they did not understand the difficulties existing here, and had no sympathy with the people of British Columbia in the loss and inconvenience they suffered from Asiatic labor. He was firmly of opinion that the only way to secure the rights of the province was to pass the bill before the House, which had worked so well during the short time it remained in force last year. The passing of the bill should be followed up by strong representation at Ottawa and London, so as to impress the Dominion and Imperial governments with the justice of the case of the province. He took no stock in the argument that the anti-Asiatic legislation passed in this House had interfered with Imperial matters in the smallest degree.

Hon. Mr. Elberts spoke of the successful working of the act, which had been passed, at the initiative of Capt. Tatlow, in 1900, until it was disallowed by the Dominion last year. The Dominion government held that it was an interference with certain rights claimed by the Dominion under the British North America Act, and disallowed it accordingly. He read from his letter to the Minister of Justice as follows:

"This act, of which the short title is the 'British Columbia Immigration Act, 1900,' is now chapter 11 of the statutes of 1900. It prohibits the immigration into British Columbia of persons who are unable to satisfy a prescribed educational test. The act is a direct interference with the Dominion government's power to issue certificates exempting certain persons from the operation of the act. There is, therefore, no danger of the movements of Japanese merchants and travelers being interfered with, as feared by His Imperial Majesty's consul. It should be assumed that the power conferred will be intelligently exercised. The framers of the act was not intended to be taken as upon the Dominion domain, as sub-section (4) of section 2 provides that any persons, the terms of whose entry into Canada have been fixed, or whose exclusion from Canada has been ordered by any act of the parliament of Canada.

"The act, therefore, seems clearly within the powers conferred upon the provinces relative to immigration by section 95 of the British North America Act, and the Legislature of this province, it is submitted, is the best judge of the policy of such legislation. The members of the legislature have an intimate knowledge of the conditions obtaining in this province, and their views, which are not lightly to be disregarded."

In his report to the Governor-General, in-Council on the disallowance of the act, the Minister of Justice said:

"The undersigned observes that chapter 11, being an act respecting immigration, is apparently intended to have effect only in so far as it is authorized by section 95 of the British North America Act, and that the provincial statute would be superseded whenever Dominion legislation repugnant to it is enacted. The educational test imposed by the act is not perhaps a very severe one, except in so far as it may in any case involve translation from English into another European language, but as parliament has already legislated with regard to the test, it is not at present desirable that the uniformity of the immigration laws should be interfered with by special provincial legislation. It

The Quick Pace of Declining Health

Wasted Nerves and Weakened Bodies Give Way to Suffering and Disease—The Action of DR. CHASE'S NERVE FOOD

There are hosts of people who are susceptible to attack of various kinds of illness. Their systems are everywhere to be found in a state of declining health, and the slightest trial and their health is jeopardized by every trivial exposure. They lack resisting power, and health declines because there is no nerve force to make good the waste by disease.

At first slight weakness, stomach annoyance, head aches, heart fluttering, trembling of the hands and limbs, restless sleep, indicate something is lacking—that something is nerve force. Until the stock of nerve force is replenished the pace of declining health will increase, until lost vitality is expressed in every member of the body.

Pale, languid, nerve-shattered people find exactly what they require in Dr. Chase's Nerve Food. It supplies the wants of wasted nerves, rebuilds the wasted cells, and renews the blood. Its wonderful cures are due to the fact that it restores natural nerve force, and it is lack of nerve force that causes most suffering these days. Brain nerves, heart nerves, stomach nerves, give out, and all sorts of troubles follow.

Mrs. M. A. McCrea, Troy Hill, Ont., writes: "My system was all run down when I began to use Dr. Chase's Nerve Food. I was weak and very nervous, and felt tired and worn out that I could scarcely drag myself about the house. It seemed impossible for me to rest or sleep at night, and I felt that I was gradually growing weaker and more nervous and irritable. Since beginning the use of Dr. Chase's Nerve Food, I feel quite different. It had gradually strengthened my nerves and built up my system wonderfully. I sleep well now, and am being thoroughly restored to health and strength. I believe it is the best medicine to be had for the nerves."

Dr. Chase's Nerve Food, 50 cents a box, six boxes for \$2.50. At all dealers, or Edmondson, Bates & Co., Toronto.

order on the ground that it proposed the expenditure of public money.

FIRST READINGS.

The following bills were introduced and read a first time:

Mr. Kidd—To amend the Arbitration Act.

Mr. Martin—To Provide for Trial by Jury in certain cases under the Mineral Act.

Hon. Mr. Elberts—Relating to Subsidized Works.

The House adjourned at 6 o'clock until 8:30 p.m.

NIGHT SITTING.

Hon. Mr. Prentice moved the second reading of a bill to amend the Assessment Act. He explained the object of the bill was to encourage the placer and dredging industry by relieving from taxation small claims, the gross output of which did not exceed \$2,000 per annum.

Mr. Curtis criticized the government for not having evolved a scheme through which taxation would be equalized throughout the province. He accused the government with instructing the Surveyor of Taxes not to make any serious departure from the present assessment law.

Hon. Mr. Prentice denied emphatically that any such instructions had been given. The Surveyor of Taxes had been told to draft an assessment act to the best of his ability, without regard to existing laws.

Mr. Curtis continued to criticize the report of the Surveyor of Taxes and claimed that the arrears had largely increased, with no hope of their ever being collected.

Hon. Mr. Prentice said, out of \$500,000 of arrears he would collect \$325,000 this year.

Mr. Curtis suggested that lends two years in arrears for taxes should be sold.

Hon. Mr. Elberts pointed out that the present law provided for tax sales.

Mr. Curtis declared the tax on mines was unfair. It bore too heavily on low grade ores, and he went on to argue that the 2 per cent. tax on the gross output represented in some cases a tax of 24 per cent. on the profits. He asked the government to accept the following amendment:

"Notwithstanding anything contained in said section 10 of chapter 17 as enacted by said section 5 of said chapter 38, in fixing the assessed value of the ore mentioned therein, the fair cost of the actual mining of the same (not including therein the salaries of officials who from the operation of the act the mine shall not be included in such value, and in case of dispute between the assessor and the owner of the ore as to what such fair cost should be, the matter shall be referred to the Provincial Mining Board, and the decision of such board shall be final and there shall be no appeal from its finding with regard to the same."

To add a new section as follows:

"The tax provided for in such section 10, as enacted by said section 5, shall not be levied for two years, beginning with the first day of July, 1902."

Capt. Tatlow suggested that in addition to the present exemptions, the payroll of the mine should be exempted from taxation.

Mr. McBride congratulated the government on the bill, which he felt sure would meet with general approbation. He thought the government might very properly accept Capt. Tatlow's suggestion.

Speaking of the taxation of railway engineers' incomes, Mr. McBride said he was informed the tax was based on the income of a single month of the year, in which the men worked overtime and made more than in other months.

Mr. Prentice said the tax was based on figures covering the year, furnished by the C. P. R.

Mr. McBride would also like to see the exemption of personal property increased in the interests of the farmers.

Hon. Col. Prior said there had been many complaints regarding the taxation of mines, but it was a very difficult question to deal with, and he thought many opinions as to what should be done. There was no doubt that the 2 per cent. tax bore heavily on some of the low-grade properties. He thought Capt. Tatlow's suggestion to exempt the payroll a good one, and worthy of consideration. He was inclined to think that the best way to solve the question would be the appointment of a commission of practical men who would make a thorough investigation and report on some plan which would be fair to all.

The second reading was adopted.

COLUMBIA & WESTERN.

The bill to amend the Columbia & Western Railway Subsidy Act, 1896, was considered in committee of the whole on message from the Lieutenant-Governor, Mr. Hunter in the chair. The company was empowered to build a railway between Midway and Penitence as a part of its main line, and known as sections five and six, and at the request of the government it surrendered its option to build the line between Mackenzie & Mann. The Columbia & Western, however, built the portion of the road known as section 4, and in that way earned its land grant of 20,000 acres a mile from Christina lake to Midway. The bill provided for the granting and selection of these lands.

Hon. Mr. Wells explained the provisions of the bill, but Messrs. Oliver, Curtis and Kidd objected to the committee hearing on the bill at first reading, on the ground that the government had withheld information bearing upon the transaction.

Mr. Martin gave a clear exposition of the circumstances which led up to the present bill, showing that the Columbia & Western had fairly earned the land grant, which it was now proposed to give them.

Hon. Mr. Elberts, in explanation of the alleged withholding of information, produced a memorandum which he had jotted down at a meeting of the council when the question was under consideration, and explained that those notes could not be classed as confidential, and that the government had no objection to their being made public, and that the government had no objection to anything in connection with the transaction. He then proceeded to give a history of the Mackenzie & Mann contract for the construction of the V. V. & E., and the

LOST IN THE RUSH.

Enquiries For Miner Who Left Here Four Years Ago For Klondike.

The Victoria police have been requested to make enquiries with a view of learning the whereabouts of one Andrew Johnson, who was here in February, 1898 on his way to the Klondike goldfields. He wrote to his friends in New Zealand before leaving, but like so many others who took part in that rush he has not been heard from since. It is the opinion of his relatives that he was murdered, a niece having had a dream in which she saw her uncle asleep in a cabin in a mining camp, and

There Is Hope For Even Such As Have Glimpses of the Dark Valley.

PAINE'S CELERY COMPOUND

The Medicine That Saves Life and Restores Lost Health.

A mercurial Providence still keeps the spark of life in thousands of wasted and feeble bodies. The fitful, flickering spark will burn with decreased power as the hot days of summer approach. There is still hope for even those who are now catching glimpses of the dark valley. The use of Paine's Celery Compound during the month of June will at once arrest the progress of wasting disease. It will strengthen the weak and inflamed nerves, rid the body of morbid waste material, make the blood pure and give healthy action to the stomach, liver and kidneys. Nervousness, sleeplessness, rheumatism, neuralgia, liver and kidney troubles, quickly vanish when Dr. Paine's marvelous prescription is used. Mrs. A. Perry, Port Maitland, N. S. says: "For two years my system was all run down, and I suffered more than I can describe from nervous prostration and insomnia. At times I almost lost my reason from severe pain at base of the brain. My husband advised me to try Paine's Celery Compound, which I did, and the effects were wonderful. I soon began to sleep well, the pain left my head, my whole system was strengthened, and I am now enjoying very good health."
